Title: Need to provide houses to all eligible citizens under Pradhan Mantri Awas Yojana (Grameen) in a time-bound manner.

PROF. K.V. THOMAS (ERNAKULAM): The Indira Awas Yojana (I.A.Y.) has been renamed Pradhan Mantri Awas Yojana (Grameen) which aims at providing every Indian an affordable house by 2022. So far only 3.6 crore houses have been completed under I.A.Y. The amount allocated under IAY is meager. Similarly adequate land has to be found out for this scheme. Government of India has to evolve a mechanism to fulfill the dreams of every Indian to own a house by 2022. Services of States, private and public organizations should also be brought under one single umbrella to achieve the objective.
